Prologue (Sneak Peek Of The Book.)

"**How could you let me die Coarsekit. I saved you but you let me die!**" Says Stormstar. Coarsekit cries out "I didn't mean to! It happened and I tried to save you!" Stormstar butts in, "Tried? TRIED? You let me die! How could you!" A mysterious she cat charges into Stormstar sending him away. "Leave this innocent kit alone Stormstar! She's only a kit!" Shouts the She-Cat. "Typical Hollowstar. Protecting the weak. One day I shall have my revenge! ONE DAY!" Shouts Stormstar as Coarsekit wakes up. "It's ok little one. I'm here for you." Says Hollowstar purring and fading away...

Coarsekit walks around the unfamiliar camp still remembering the place she grew up. "I don't understand. Why would a pretty starclan cat come to me?" Says Coarsekit to herself. "Coarsekit! Momma's looking for you! You need to come back and stop talking to yourself mouse-brain!" Twitches Spikekit's tail in annoyance. "Tell Momma I'll be there in a bit! I'm just grabbing a mouse for Thicketstar!" Yells Coarsekit to Spikekit. Coarsekit walks into Thicketstar's den and drops the mouse for him. "Thank you Coarsekit. I'm sure Thicketstar will enjoy the mouse." Says Grouseleaf. Coarsekit runs back to the nursery for Adderclaw's story.

Chapter 1

Coarsekit wakes up yawning and sees her littermates asleep. She pads out of the camp hollow and sits in the morning dew. She starts to groom her fur and takes a vole off the fresh kill pile. Thicketstar pads out of his den and goes to sit by Coarsekit. Coarsekit looks at her father's ghostly image. "HOW COULD YOU LET ME DIE!" Says the ghostly image of Stormstar. Hollowstar charges into Stormstar making the image vanish. "You ok little one? I made him leave you alone for a little while. Thicketstar is coming so look up from your vole!" Says Hollowstar before vanishing. "Hi Coarsekit. Are you feeling okay this morning?" Asks Thicketstar concerned. "I'm doing fine." Says Coarsekit sighing. "The images of Stormstar you're seeing isn't real Coarsekit. It's just sadness caused by his death." Says Thicketstar. "YOU DON'T KNOW THAT THICKETSTAR! NO ONE CAN UNDERSTAND MY PAIN!" Screams Coarsekit. "I'm sure Plumstrike understands the pain. What about your littermates." Says Thicketstar calmly. "I'm going to Grouseleaf. He'll comfort me unlike you!" Says Coarsekit walking off with her vole. "Hi Grouseleaf. I need poppy seeds to sleep again." Says Coarsekit. "Your usual two Coarsekit?" Asks Grouseleaf. "Yes Grouseleaf." Says Coarsekit. Grouseleaf lets her eat her vole and then gives her the poppy seeds.

Coarsekit wakes up in a dark, dead forest. She was able to smell the scent of cat's anger and fear and she shuddered. She looks around for any other cats but she could only smell her own fear and the anger of others. "Coarsekit! I didn't expect you to arrive so soon!" Says Hollowstar. "I'm scared Hollowstar! There's so much anger here!" Says Coarsekit weakly. "Don't mind them. They deserved to be put here. I'm pleased to see you none the less but I'm sure you want to wake up. Do you want to learn some fighting moves first though?" Asks Hollowstar. "Yes I would Hollowstar. What will I learn first?" Asks Coarsekit. "The spine splinter. I need you to learn this to stop any cat's chance of doing harm to you." Says Hollowstar demonstrating on a stick splitting it in half and making it splinter everywhere.

Coarsekit looks in horror at Hollowstar. "That'll kill someone! Shattering their spine is wrong Hollowstar!" Says Coarsekit. "Isn't it worth it though? What happens if someone attacks your family, or you?" Asks Hollowstar. "I guess it couldn't hurt..." Says Coarsekit trailing off. "Wonderful! I will return when you're a apprentice." Says Hollowstar.

Coarsekit wakes up yawning to see his family awake. Coarsekit pads out to see her only brother with her two sisters. "Spikekit, Coarsekit, Splotchkit and Figkit please step forward. You have reached the age of six moons and you're ready to become apprentices." Says Thicketstar. "We do not have enough warriors to train you seperately so we will be training you all together." Says Thicketstar. "Thicketstar. I will be taking my first apprentice because I feel I need one. Figkit, will you accept the honors of becoming my apprentice and training under the way of a medicine cat?" Asks Grouseleaf. "I will. I promise to impress you and try to be the best medicine cat there could be. I accept the role of medicine cat apprentice." Says Figkit. "I almost forgot to include Sunkit, Cloudkit and Lionkit. Please step forward you three." Says Thicketstar. "Sunkit, Cloudkit, and Lionkit along with Splotchkit, Coarsekit, and Spikekit are all ready to recieve their apprentice names. From now on until you recieve your warrior names you all will be known by the paw suffix. We will start training you tomorrow, all of you get some rest." Says Thicketstar letting all of them head to sleep.

Quick Author's note (UPDATED)

Somebody copied the exact title of my book. I was notified of it but I'm pretty sure after they saw my book they took it down right away. I'm not happy because of that. And a little secret... Elytrigia. If anyone guesses what the book is about the get an OC. What usually goes boom but creates an emp blast? Let me know in the comments!

I'm so sorry. I mistakenly accused a innocent person of copying my book but it went in his library .-.

I didn't realize it until now so sorry!

Chapter 2

"Strike harder Coarsepaw!" Says Hollowstar furiously. "When can we take a break Hollowstar? I'm tired!" Says Coarsepaw. It was a moon into her training under Hollowstar and she was exhausted. "There's no rest in between my training. Be lucky I'm not forcing you to climb trees and fight in the branches Coarsepaw." Says Hollowstar. "Yes Hollowstar. I'm sorry for doubting you." Says Coarsepaw.

Stormstar walks into the dark forest territory and sees Coarsepaw training. "Coarsepaw! What are you doing?" Asks Stormstar confused. "Coarsepaw. Remember what he's done to you in the past. Now's your time to exact revenge!" Says Hollowstar excitedly. "What? You can't kill a dead cat! It's impossible, and no matter what he's still my father whether I like it or not." Says Coarsepaw. "There is a way to kill a dead cat. They poof out of existence and no longer exist Coarsepaw. This is your ultimate test of loyalty! Kill him and prove your loyalty to me Coarsepaw." Says Hollowstar eyes gleaming with ambition.

Coarsepaw is shocked but follows through with Hollowstar's directions. "Yes... Hollowstar. It's time I end my nightmares once and for all. Sorry Storm*kit*. Your time has drawn to a close. It's time for a new era of cats. All bearing your blood!" Shouts Coarsepaw charging into Stormstar. "I refuse to fight my own kit! Coarsepaw what's come over you?" Asks Stormstar. Coarsepaw slashes at Stormstar creating a gash in his sides. "I'm not giving you a choice!" Shouts Coarsepaw furiously. Stormstar unsheathes his claws and speaks, "If I have no choice and it comes to this then I must fight you. I'm sorry Starclan please forgive me." Stormstar sends Coarsepaw flying into the ditch and runs back to Starclan territory. Coarsepaw wakes up with blood coming out of her right leg, yet it was only a small cut easily able to heal in a week.

"Coarsepaw are you ok?" Asks Lionpaw his golden fur ruffled from her kicking. "S-sorry Lionpaw." Says Coarsepaw looking down shyly.

"It's alright. Do you want someone to lay next to you until dawn?" Asks Lionpaw. "I-It would be nice." She murmurs quietly. "Alright, lay down next to me and I promise you'll be ok." Says Lionpaw.

Coarsepaw wakes up in the dark forest. "Really Coarsepaw? Sleeping next to a denmate?" Asks Hollowstar angrily. "Calm down Hollowstar. It's not like I'll take him as a mate!" Says Coarsepaw. "No! You choose me, your mentor or that Lionpaw fool. I know what you'll choose." Says Hollowstar. "Now leave until you realize the horrible mistake you've made Coarsepaw. I will make sure you come back or else you will regret it." Says Hollowstar forcing Coarsepaw to wake up.

Chapter 3

Coarsepaw looks at Lionpaw and looks at her paws. She quickly heads out for the dawn patrol ready to hunt. "Alright Coarsepaw hunt by the Great Elm. The rest of you, hunt with me by Adder Hill, we're going to hunt the Hare we missed last time. Let's go!" Says Thicketstar. Coarsepaw quickly hunts but as she is hunting she stumbles across a strange scent. Coarsepaw quickly crosses the weird scent and continues to hunt thinking nothing of it.

"Who are you? How dare you cross our scent lines!" Says a mysterious tom that captured Coarsepaw moments before. "My name is Coarsepaw, I didn't know cats lived here." Says Coarsepaw. "Well we do! How dare you come here and not know about Hollowclan!" Says the mysterious tom again. "What is your name?" Asks Coarsepaw. "Very well. I am Yarrowstar, the medicine cat and leader!" Says Yarrowstar. "You can't be a medicine cat and leader. Starclan would not approve." Says Coarsepaw. "Hollowstar approves of what happened with her clan. I mean, why wouldn't she it's not like she didn't betray your clan." Says Yarrowstar. "Hollowstar betrayed my clan? That's not what she told me..." Says Coarsepaw. "Hollowstar spoke to you? How, she's dead!" Says Yarrowstar. "She is dead, but I've revealed to much, so long!" Says Coarsepaw running through the forest. "Catch that apprentice!" Shouts Yarrowstar furiously. Coarsepaw runs out of the territory and climbs the Great Elm to the highest branch that would support her. "Apprentice come out! We never meant to frighten you!" Shouts Yarrowstar. Coarsepaw stayed quiet until Yarrowstar and his clanmates left. Coarsepaw quickly killed a bird that was sleeping and climbed down the Great Elm. She stalked back to camp and quietly went to her nest and pretended to sleep. Thicketstar checked on Coarsepaw and then left. Coarsepaw fell asleep and got ready for Hollowstar to visit.

"Yarrowstar say hello to my apprentice Coarsepaw. I'm sure you know who she is." Says Hollowstar. "We meet again Coarsepaw. You are going to help Hollowstar rise again. When you begin to expect

kits, the exact day when you believe they are going to come, kill Hollowstar. Then the last kit born will be born with Hollowstar's memories and she will learn to love her dark side. Then, when she grows to be an apprentice remind her that she is going to have a great destiny, one that will alter Stormstar's precious cliffclan FOREVER!" Says Yarrowstar laughing maniacly. Coarsepaw thinks, "What have I gotten myself into?"

Coarsepaw wakes up and looks around trying to remember what happened. "You ok?" Asks Lionpaw. "I'm fine, thanks." Says Coarsepaw. "You can tell me if something is wrong, you know that right?" Asks Lionpaw. "It's something that isn't fixable. If I figure out how I can fix it I'll let you know." Says Coarsepaw. Coarsepaw heads out of the camp ready for hunting and finds a tom over the border. "Hey! What are you doing in our bord-!" Coarsepaw says before getting cut off by the tom saying, "I'm Shadeburst. Who are you?" Asks Shadeburst. "I- I'm Coarsepaw." Says Coarsepaw looking into his light amber eyes. "Nice to meet you. I say, this is a nice territory. Much nicer then Hollowclan's territory." Says Shadeburst looking around. "Why did you come into our territory, you can get into trouble Shadeburst!" Says Coarsepaw. "I don't know why but I want to see you again Coarsepaw! Meet by the far boundary and we'll find a place to meet." Says Shadeburst quietly before running off. Coarsepaw runs back to camp thinking, "Oh starclan help me."

A/N Welp! Here's the next chapter, I guess. I have a splitting head ache so I won't be able to work on Elytrigia until tomorrow. See ya guys in Chapter One/Two Of Elytrigia!

Chapter 4

Coarsepaw heads to the place she met Shadeburst. Shadeburst quickly busts out of the forest and spots Coarsepaw. "Coarsepaw! Follow me quick!" Says Shadeburst sprinting. Yarrowstar yowls, "SHADEBURST!" "We haven't got all day!" Says Shadeburst. They both run and quickly climb a tree. Yarrowstar quickly ran past the two and they waited until the moon was high until they slowly went down the tree making sure not to disturb the birds nest in the branch above them. "Shadeburst. Why was Yarrowstar mad at you? I understand him being mad with you is common but why is he chasing you?" Asks Coarsepaw with a glint of amusement in her eye but Shadeburst didn't notice. "I disobeyed him, and Shatteredeye. They have strict rules and it's an eye for a eye in our clan. He only rations food out for the high ranks and the low ranks. It's an unfair way to run a clan and the cats who catch the most prey naturally recieve the most prey. I caught six pieces of prey and I'm the cat who normally gets to eat about six pieces every day. I guess I average up to roughly a hundred pieces of prey every moon, and because of that I figured not eating much prey today would be fine so I pretended that the queen with four kits, Bloodflower, caught five out of the six prey pieces. She understood why, and she's a very skinny queen." Says Shadeburst looking down. "Is she related to you in any way?" Asks Coarsepaw. "She's... my mother. I was the only one in a litter of three that survived, so naturally she worked hard to make sure she was always able to feed me and unfortunately, I never got any attention. While it was leafbare, which you know was not long ago, I barely made it to being an apprentice. After that I worked extremely hard to be the best and now I'm the best hunter in the clan." Says Shadeburst returning to his naturally happy state, but this time it just wasn't genuine. "We can let you, Bloodflower and her four kits stay with us. It would have to stay secret but we can have her hide in our garlic patch and then you guys can gain our scent!" Says Coarsepaw hopefully.

"It's a great idea! Unfortunately, I need to stay. So does Bloodflower.

We can have the kits go. I know for a fact they'll be safe there but the threat of Yarrowstar is to big. We will have the kits go but Bloodflower and I will stay. Keep the kits safe and make sure they'll always be safe." Says Shadeburst. "I'll meet you near the border were we first met and I will bring Bloodflower and the kits." Says Shadeburst. "See you next moon." Coarsepaw says goodbye and Shadeburst says "See you there." They both run back to their clan.

"Coarsepaw! You need to stop seeing Shadeburst before it's too late!" Shouts Hollowstar. "What harm could come out of being friends with a cat from a different clan! NOTHING!" Shouts Coarsepaw. "You could fall in love and have his kits! THAT'S A PROBLEM!" Shouts Hollowstar. "I'm leaving. YOU CAN BE A FOX-HEART FOR ALL I CARE! Until you apologize I will not return Hollowstar." Says Coarsepaw.

A/N I know I know. Not long enough. I just couldn't write anymore it would feel repetitive and dull. Until next week see you all later! Have fun waiting a week lol. I know I'm a chapter hoarder... Sorry!

Chapter 5

"So you're Coarsepaw? Have fun with that one." Says Bloodflower to Coarsepaw nodding at Pigeon. "Coarsepaw. We have to stop meeting after this. We can't take the risk that we'll have to deal with Yarrowstar on our backs constantly. I can't meet you anymore especially with the meetings messing up my hunting skills. Yarrowstar will kill me if I can't keep up in the elite warriors. He maims whoever is an elite warrior and he kills the number one if they drop four places. I can't take the risk I will die." Says Shadeburst. "I guess this is goodbye. I will miss you..." Says Coarsepaw. "I will too. I hope you get your warrior name soon." Says Shadeburst walking up and touching Coarsepaw's nose. "Let's go kits. Your going to enjoy your new home." Says Coarsepaw. "What's wrong with our old home? I liked it there!" Says Pigeonkit. "It's ok. That wasn't your real home! I'm taking you to it little ones." Says Coarsepaw. "What's your names kits?" Asks Coarsepaw. "I'm Pigeonkit, and that's Thrushkit and Partridgekit. Your... Coarsepaw right?" Asks Pigeonkit. "That's correct! Let's move on kits." Says Coarsepaw letting Pigeonkit and Thrushkit ride on her back and picking Thrushkit up by her scruff.

"Thicketstar! I found three kits on the border." Says Coarsepaw calling out. "Get them to the nursery quick! It's far too cold outside for little kits to be out for long." Says Thicketstar helping get them in the nursery. "Plumstrike! Get in here!" Calls Thicketstar. "What do you want Thicketstar? And why is my kit up so late?" Asks Plumstrike. "I found three kits on the borders. They were left there and if they had been there any longer they could have froze to death." Says Coarsepaw heading off to sleep. "By the way, thank you Coarsepaw. We will have you attempt to lead your very first hunting patrol and see how well you do. Plumstrike would you mind taking over the care of the kits for us?" Asks Thicketstar. "I would love to. Alright kits, do you know by chance your names?" Asks Plumstrike. "I'm Pigeon, the shy one over there is Thrush and finally-" Pigeon was interrupted by Patridge saying his name. "I'm

Patridge!" Says Partridge. "Well first of all we will change your names to clan names. Partridge, Pigeon and Thrush you will be called Thrushkit, Pigeonkit and Partridgekit." Says Plumstrike letting the kits curl up next to her and fall asleep.

"Lionpaw, Spikepaw and Cloudpaw. You hunt by the great oak. I'll take Figpaw and Sunpaw, we will hunt by the river." Says Coarsepaw. "Orangewood. You take Sunpaw and Splotchpaw, and head for the cliffs." Continues Coarsepaw before leaving with her group.

"Quickly, leap and down that thrush! We need it, we don't have much food. The clan has new mouths to feed and they will not starve." Says Coarsepaw. Figpaw leaps up roughly six feet barely and downs the thrush in time. "Foxes! Figpaw find Orangewood and get Thicketstar!" Shouts Coarsepaw. "It's the foxes that killed Stormstar..." Says Coarsepaw with her paws weakening. "I finally get my revenge. Time for you foxes to die." Says Coarsepaw hissing.

Coarsepaw quickly climbs a tree and jumps down stopping the foxes from attacking Sunpaw. "Leave him alone! Sunpaw help me!" Shouts Coarsepaw. Sunpaw stands side by side with Coarsepaw. They attack in tune with each other but start losing the fight.

"Coarsepaw and Sunpaw! We're here!" Says Thicketstar standing side by side with Orangewood. The apprentices were standing behind Thicketstar and Orangewood. The clan went in together and started fighting the foxes. Hollowstar appears in front of Coarsepaw. "Why would you visit me in a battle? I have to help them!" Says Coarsepaw. "Relax. You're unconcious and the clan is protecting you. You'll be ok until you wake up." Says Hollowstar. "So you visited me so you could tell me that?" Asks Coarsepaw. "Yarrowstar. Here's the apprentice that stole Bloodflower's kits." Says Hollowstar. "Coarsepaw. You may keep the kits. I will not stop you but who helped you?" Asks Yarrowstar. "I will not tell you. I swore to them I would not say what happened and I will keep my promise." Says Coarsepaw. "Fine. You may keep their promise." Says Yarrowstar.

Coarsepaw wakes up and quickly looks around but realizes that she's in the medicine den. "Grouseleaf? Is everyone ok?" Asks Coarsepaw. "Go outside..." Says Grouseleaf laying his tail on her

shoulder comforting her. Coarsepaw went outside and saw his bloody battered body. "No!" Shouts Coarsepaw.

A/N Wow. Such a huge cliffhanger. Who do you think it is who is lying there bloody and battered? Let me know in the comments and enjoy this longer update!

Chapter 6

"Lionpaw! Why would you all let this happen to him?" Cries out Coarsepaw. "How were we supposed to stop them? We had no chance to kill those foxes, we were barely able to fend off the foxes!" Says Cloudpaw. "Everyone calm down. He fought like a true warrior and he should die with a warriors name. Starclan, I call upon you to look down on this apprentice. He fought hard to protect his clan when he needed to most and he should be recieved with a warriors name. I name Lionpaw, Lionflame to match his burning protection of his clan." Says Thicketstar. "Lionflame, Lionflame, Lionflame!" Calls out the clan. Coarsepaw and the others bury their nose deep into Lionflame's fur.

"Hello Coarsepaw. Are you ok?" Asks Hollowstar. "Lionflame's dead. I'm ready to fully train for you Hollowstar." Says Coarsepaw looking down. "Excellent Coarsepaw. We assess your skills and learn what you need to work on." Says Hollowstar quickly darting and forcefully attacking her. Coarsepaw rolls to the side and slashes back catching Hollowstar while not getting hurt.

Coarsepaw is woken up by Thicketstar and watches as Lionflame's body is taken away. "Goodbye Lionflame..." Says Coarsepaw. "Time to go out for training. I'll take Coarsepaw, Cloudpaw, and Spikepaw. Orangewood, you take Figpaw, Splotchpaw and Sunpaw. I'll work on battle training with them and you work on hunting." Says Thicketstar.

"Front flick of your paw striking down full force! I want Coarsepaw against Cloudpaw!" Says Thicketstar. "Finally, a equal battle. Come at me Cloudpaw." Says Coarsepaw. Cloudpaw dashes forward leaping to the right but then rolling under Coarsepaws belly and striking against it. Coarsepaw charges into her sending her flying to sand. Hollowstar appears in the hollow getting ready to watch Coarsepaw. Cloudpaw groans and limps on the paw she directly landed on. "Are you ok Cloudpaw?" Asks Spikepaw. "I think my paw's broken. We weren't supposed to hurt each other Coarsepaw!"

Exclaims Cloudpaw before limping off with Spikepaw and Thicketstar. Night time approaches and Coarsepaw falls asleep ready to learn more from Hollowstar.

"Hello Hollowstar. Did you see my training today? I broke Cloudpaw's paw!" Says Coarsepaw excitedly. "Well done. I watched you throw her into the sand with the force you had. It's time to learn the death bite though." Says Hollowstar. "I will allow for you to practice on one of our own, Deerfury. He's been around since the beginning of the dark forest and it's time to kill him. Deerfuy come forward. We want to commendate you for sticking around for so long and it's time we thank you. Coarsepaw will relieve you of your position and I will take leadership. Goodbye Deerfury." Says Hollowstar. Coarsepaw walks up to Deerfury shaking and sinks his teeth deep into the Dark Forest's oldest warrior and kills him. "I'm sorry Starclan..." Whispers Coarsepaw. "Well done Coarsepaw. I know you've met Shadeburst." Says Yarrowstar revealing Shadeburst behind him. "No! Leave him be please!" Says Coarsepaw. "It's ok Coarsepaw. I know what he plans on doing. Let it happen and it will be for the best." Says Shadeburst. "Kill him or I will. Either way he dies and either way you're going to return here when you die." Says Yarrowstar. "I'm sorry Shadeburst. It's the way I prove my loyalty." Says Coarsepaw running up to Shadeburst.

"Let him be. My loyalty has been proven by killing Deerfury. I will not let you kill him and you can not make me kill him either." Says Coarsepaw. Shadeburst vanishes and is replaced by a starclan warrior Stormstar. "Hello Coarsepaw. Come with me I'm getting you out of The Dark Forest." Says Stormstar. "Kill him Coarsepaw. It's your final assessment before becoming a full warrior of the Dark Forest." Says Hollowstar. "I can't! He's my father!" Says Coarsepaw. "This happened once before and you did not know the death bite. You know it and you can kill him right here if you really want to. So do it." Says Hollowstar. Coarsepaw walks up to Stormstar and slashes at him, claws unsheathed ready to kill him. "Don't do this Coarsepaw. I will have to kill in self defense." Says Stormstar. "Weakling Starclan warrior! Afraid to kill an apprentice? Ha! It's time for you to die." Says Coarsepaw laughing. Stormstar and Coarsepaw fight and after a while Stormstar starts to tire.

Coarsepaw leaps onto Stormstar and deathbites him waiting for his life to bleed out. "You'll regret this... Coarsepaw..." Says Stormstar dying. "Well done Coarsepaw. We will now make you a full warrior of this forest." Says Hollowstar. "Warriors of all clans in the dark forest! Gather around because we now accept a dark forest apprentice to become a warrior!" Shouts Hollowstar. "I'm ready to pledge my full allegiance to you Hollowstar." Says Coarsepaw. "Wonderful. I'm pleased to see you finally accept your fate. We now pronounce you a full warrior of the Dark Forest. Welcome Coarsepaw." Says Hollowstar.

Coarsepaw wakes up looking around and sees that it's dark. She quickly pads out of her den with winds blowing extremely fast and breaking dens down. "Thicketstar!" Shouts Coarsepaw over the loud blowing of the wind. The winds slow to a stop and Coarsepaw is confronted by Cliffstar. "Where is my warrior, Coarsepaw? I know you killed him." Says Cliffstar. "I did nothing of that sort. Now let me go so I can go back to my clan." Says Coarsepaw angry with Cliffstar. "I will let you go. Just know that you will have no entrance to Starclan for you have been judged already." Says Cliffstar.

Coarsepaw wakes up getting ready for her dawn patrol. Cloudpaw is up limping around trying to put strength in her three other paws. "May all cats gather beneath High-Rock to appoint a apprentice to Grouseleaf!" Exclaims Thicketstar. "Cloudpaw do you wish to train as a medicine cat for as long as you can, to learn about herbs and healing?" Asks Thicketstar. "I do." Calls out Cloudpaw her voice strong and clear. "Then under the name of starclan and our ancestors I make you a medicine cat. May Grouseleaf teach you everything he knows and may you learn more." Says Thicketstar.

"Thicketstar? May I go hunting with Sunpaw if that's okay?" Asks Coarsepaw. "Of course. Just don't take so long and make sure you don't stay out long." Says Thicketstar. "Sunpaw ready to go hunting? It's time to hunt because it's going to be dark soon!" Says Coarsepaw. "Sure thing! Just let me finish my vole and then I'll come." Calls Sunpaw to Coarsepaw.

Coarsepaw and Sunpaw finish hunting the blackbird, 2 mice and the vole and get ready to head back to camp. "I have something to

say Sunpaw." Says Coarsepaw. "Of course. What is it?" Asks Sunpaw. "It's time for you to die. I've been wanting to do this for a long time but now I can." Says Coarsepaw. "Please! I don't want to die!" Says Sunpaw shaking. Coarsepaw quickly leaps onto Sunpaw and deeply bites his throat. She quickly kills him, eats a lot of snow to make sure she isn't seen with his blood on her teeth and mouth. Coarsepaw buries him deep in a snowbank and carries their prey back to camp.
